One of the more interesting facts about one of the cars I own, a 1980 Mercedes-Benz 300SD, is that they were only made for the United States and Canada. That means there are no "Euro-spec" W116 SDs running around Europe or parked in an alley somewhere in Albania. A cool little piece of car trivia, but that also means that all of the 300SDs produced were fitted with giant 5 mph bumpers and quad headlights instead of the sleek European bumpers and glass headlights.
