A Song for Arbonne was my second novel by Guy Gavriel Kay (the first one was Tigana). It is a novel I liked much better on the second reading. The first time I read it, I was in my early twenties and the book didn't resonate with me. The second time

A Song For Arbonne is a fantasy novel by Guy Gavriel Kay inspired by the Albigensian Crusade, a medieval military campaign aimed at destruction of heretics in the south of France. It is set in a land resembling medieval Western Europe, and mostly in Arbonne, which is this world's stand-in for the targets of the crusade, Languedoc and Provence.

## **A Song For Arbonne (Literature) - TV Tropes**

Kay's latest is very much in the vein of his well-received Tigana (1990): an exhilarating epic fantasy based loosely on medieval history. Tigana was an imaginary kingdom analogous to Italy; Arbonne bears a similar resemblance to 12th-century Provence. But Kay is less interested in re-creating history than in playing the changes on the epic themes of love, war, and destiny.

Following on the heels of the success of his 1990 Tigana, Guy Gavriel Kay's 1992 A Song for Arbonne finds the author moving in a slightly new direction. Toning down the magic but upping the ante from a soft-fantasy/romance point of view, the novel is almost a paean to the virtues of femininity.

A Song for Arbonne certainly best represents Guy Gavriel Kay himself, since it is with Arbonne, after The Fionavar Tapestry and Tigana, that the transition is most manifest. To start with, there is no magic in A Song for Arbonne and this reflects a neat evolution towards the representation of reality.

Guy Gavriel Kay has the kind of prose that makes me want to bury myself and cry because I'll never be able to write like him. A Song for Arbonne has everything: romance, troubadours, intrigue, war, passion, revenge. It's an epic story. Guy Gavriel Kay writes something I wouldn't call fantasy but more alternative history.

A Song for Arbonne is another jewel in his crown, I think. It is his version of Medieval France, starting 23 years before the main text as the heir to the country's throne rides out to meet with her lover, and then jumping ahead to tell of the subsequent feud between her husband and lover, interweaving this with religious intolerance and political struggles between the Arbonnais and the ...
