Air Pollution: Its Origin and Control / Edition 3 by ...

The skies over Donora, Pennsylvania, turned black on October 27, 1948. The darkness would last for five days straight, shrouding the town and its residents in a noxious cloud of carbon monoxide, sulfur dioxide, and metal dust pollution. A weather inversion, it turns out, had trapped the pollution from a nearby steel plant and zinc smelter in the valley, causing a "burning sensation" in the ...
