### Arson 1 Estevan Vega

Arson by Estevan Vega is an exciting ride that gives the reader a realistic look at two teenagers with lives that are anything but ordinary. I have to say, Arson was not what I expected to my (pleasant) surprise. It contained all my favorites- mystery, romance, hope and intriguing characters. Arson, a 17 year old boy, can create fire with his mind.

Vega gave rich detail, mystery, a refreshing and uncanny realistic tone that pulled me right into his characters' world. The reader is introduced to a young man called Arson who lives in isolation both figuratively and literally. The reader doesn't know why he feels so alienated, but is told he's "different".

review 1: Talk about unusual. Arson has a gift / curse: he can start fires with his mind. But this is much more than a paranormal story. Estevan Vega pulls you into the secrets of his family, and they are dark. It was fascinating to be part of his life, especially as he gets to know his neighbor, a girl who wears a mask.
