Bird Field Guides with Photos - Not Recommended If It's Your Only Guide. If you're going to purchase one field guide, I don't recommend one that only has actual photographs such as Audubon's or Stokes.. In a photo of a bird, you are seeing one individual of that species, in one light condition, in one molt stage, etc.

Bird Field Guides - Which One Is Best? (2020)

A field guide to an entire continent will contain hundreds - perhaps thousands - of bird species, making such guides large and a bit intimidating to the beginning birder. Most often, bird-watchers buy field guides covering a limited area, although that area might still be fairly large.
