That a country of wealth cannot provide sound housing for those in need is a national embarrassment. This book is about the design of dignified, affordable housing for those not served by the private sector, and how that housing fits comfortably into our communities. Sam Davis has written an accessible, non-technical analysis for everyone interested in the creation of affordable housing.

The Architecture of Affordable Housing by Sam Davis ...

The cost of affordable housing: Does it pencil out? There is not enough affordable housing in the United States. For every 100 extremely low income households, there are only 29 adequate, affordable, and available rental units. That means two parents who both work minimum-wage jobs might wait years to find a safe, affordable place to live with their two kids.
