Bestiality refers to the actual act of engaging in sexual intercourse with an animal, regardless of the motivation and circumstances. Zoophilia refers more to the bigger picture of people who have...

Bestiality is much, much more common than you think | Health24

The history of zoophilia and bestiality begins in the prehistoric era, where depictions of humans and animals in a sexual context appear infrequently in European rock art. Bestiality remained a theme in mythology and folklore through the classical period and into the Middle Ages (e.g. the Greek myth of Leda and the Swan) and several ancient authors purported to document it as a regular ...

Homosexual behavior in animals is sexual behavior among non-human species that is interpreted as homosexual or bisexual. This may include same-sex sexual activity, courtship, affection, pair bonding, and parenting among same-sex animal pairs. Various forms of this are found in every major geographic region and every major animal group. The sexual behavior of non-

human animals takes many different forms, even within the same species, though homosexual behavior is best known from social species.
