Once you own a dog, it becomes a commitment. Animals get attached and develop deep and strong bonds with their owners. Anyone who changes that should know that is very traumatic for the dog. Dog owners should provide their pets food, shelter, medical care, water, love, and attention. Believe it or not, a dog becomes part of the family from day 1.

top of page. Getting to Know Measuring in ImageJ. In the Intro to ImageJ section, you learned that a digital image is a string of numbers, displayed in a rectangular array, according to a lookup table. You also learned about the three dimensions of an image — width, height, and bit depth. The power of image processing is its ability to make measurements in these dimensions:

I know people in engineering screwing things up profusely because they believe they know how to use GIS. And then there is reality in which people who know do not get paid all that much and employers refusing to pay adequately. Tampa Bay GIS salaries pay \$38-57,000 for government and \$45-58,000 for education sector and \$38-68,000 for private.
