For Muslims, the extraordinary freedom of choice in America can be seen as a peril to faith or as a God-given opportunity. "I think that as communities we are coming to grips with freedom," says Shabbir Mansuri, the longtime director of the California-based Council on Islamic Education, which advises state boards of education and countless non-Muslim groups.

In the Supreme Court of the United States

Physics. Islamic scholarship had inherited Aristotelian physics from the Greeks and during the Islamic Golden Age developed it further, especially placing emphasis on observation and a priori reasoning, developing early forms of the scientific method. With Aristotelian physics, physics was seen as lower than demonstrative mathematical sciences, but in terms of a larger theory of knowledge ...
