## **(PDF) Strategy and Structure - ResearchGate**

Seite 14 - Structure can be defined as the design of organization through which the enterprise is administered. This design, whether formally or informally defined, has two aspects. It includes, first, the lines of authority and communication between the different administrative offices and officers and, second, the information and data that flow through these lines of communication and authority.

## **Strategy and Structure: Chapters in the History of the ...**

A clearly-established structure gives the group a means to maintain order and resolve disagreements. Structure binds members together. It gives meaning and identity to the people who join the group, as well as to the group itself. Structure in any organization is inevitable-- an organization, by definition, implies a structure.
