The Dead Zone is a science fiction thriller novel by Stephen King published in 1979. It is his seventh novel and the fifth under his own name. The story follows Johnny Smith, who awakens from a coma of nearly five years and now experiences clairvoyant and precognitive visions triggered by touch. These visions have limitations and when information is beyond his perception, Johnny refers to that information as being trapped in the part of his brain that is permanently damaged, "the dead zone."
